

## Daily Schedule Examples

The following schedules and times are an approximate glimpse into your child's day at Village School. We attempt to keep the routine as consistent as possible, but also take into account the needs of the children in the classroom, the activity level, and the weather.

The schedules shown below are meant to give you an idea of how the day is structured for each age group. Times are approximate and may vary depending on our Creative Movement schedule. Outdoor play times may include "Hot Top" time where teachers incorporate outdoor learning and gross motor activities into a structured piece of outdoor time to compliment playground "free play" time. Outdoor Play time and Creative Movement times vary by class

### Preschool Program

9:00 Arrival/Choice Time
